

REMARKS

Figures 3 and 4 are amended so that numbering conflicts with Figures 1 and 2 are avoided. The specification had recited that the item numbers of Figures 1 and 2 were used only for those figures, but the drawings and specification are amended to meet the requirements of the last office action.

Consideration of the above amendments and remarks is requested and it is submitted that such amendments and remarks place the application in a condition for issue. Claims 1-16 stand allowed. Applicant requests entry of amendments and passage of the application to issue.

Respectfully submitted,
